About Us

Biodeal Laboratories Limited is a leading Kenyan pharmaceutical manufacturer of safe and high-quality human and veterinary products. Our products are manufactured in accordance with strict GMP guidelines, and we currently have over 150 products registered with the Pharmacy and Poisons Board that are supplied both locally and internationally.

Mission

To improve the quality of life and contribute to the prosperity of communities by providing healthcare solutions for both human and animal health where and when they are needed

Our Values

INNOVATION, QUALITY and VALUE

Our values shape everything we do as a company, from manufacturing to interactions with our customers, and these qualities are evident in every aspect of our operations. Innovation, Quality, and Value are the three guiding principles that have enabled our success and growth.
